

LORAN BRUMLEY
EMPLOYEE OF THE MONTH
MARCH 2008

Loran Brumley has been doing an outstanding job of instructing DARE. Recently, the CSD unit attended a graduation at Gerald Wright Elementary. Loran graduated close to 100 kids. It was very apparent that they held him in high regard based on participation by the assembled group and the essays given.

Additionally, Loran identified Ray Thomas, a child that needed some extra assistance. Ray has some learning disabilities and often the target of harassment from peers. In an effort to boost Ray's self-esteem, Loran embroidered a small West Valley SWAT bomber jacket with Ray's name and presented it to him in front of his class. Loran purchased the coat with his own money. I have also been made aware that Loran did the same thing in a similar circumstance last year.
